INTRODUCTION

WELCOME TO LABRAE INTERMEDIATE SCHOOL

This handbook is meant to serve as both an informative guide for parents and as a compilation of rules that govern many facets of the operation of the school. Please be sure to read it thoroughly as it is viewed as an agreement and binding document among staff, parents and students. Sharing this information with your child is very important as they need to be aware of rules, regulations and procedures that have a significant impact on their daily school experience.

Our goal is to provide a safe and nurturing learning environment for all students who attend LaBrae Intermediate School. It is your responsibility to be aware of these rules and regulations and to honor them throughout the school year.

All rules and regulations apply to all students participating in school activities (during/after school hours).

This document has been approved by the LaBrae Board of Education and is in compliance with all Ohio Revised Code of Conduct policies for public school use.

LaBrae Local Schools and the community will work together to create a learning environment that fosters pride, achievement, social responsibility and perseverance. At LaBrae Intermediate, we will provide a curriculum that strives to meet the academic needs of all our children.

DISCLAIMER

Many of the laws, rules and policies are subject to change due to pending state and federal legislation. The LaBrae administration reserves the right to change and adjust the information in the handbook as needed. The principal may, at their discretion, exercise their right to alter the policies articulated in the student handbook as conditions warrant.

MISSION STATEMENT

To dedicate our energies and resources to providing students the best education within a nurturing and safe school environment

STATEMENT OF NON-DISCRIMINATION

The LaBrae Local School District has dedicated itself to providing equal admission opportunities, equal extra-curricular activity opportunities, and equal employment opportunities to all people regardless of race, color, national origin, sex, or handicap, in compliance with Title IX-Educational Amendments of 1972, Title VI-Civil Rights Act of 1964 & section 504 of Rehabilitation Act of 1973 (Policy 2260). The LaBrae Local School District follows the guidelines of the Family Educational Rights & Privacy Act (FERPA) regarding all student records (Policy 8330), maintains an education and work environment that is free from all forms of unlawful harassment (Policy 5517), and is committed to the district-wide use of Positive Behavior Intervention and Supports (PBIS) with students to limit the need for the use of restraint and/or seclusion (Policy 5630.01). These policies are available on the district website.

ADMISSION REQUIREMENTS

In order to be admitted, the child's parents/guardian must produce the immunization record, birth certificate, custody papers, if applicable, all legal or medical records, and proof of residency to secure the well-being of the child.

WITHDRAWAL FROM SCHOOL DISTRICT PROCEDURE

When a student plans to withdraw, his/her parent /guardian shall:

1. Notify the office as soon as possible.
2. Pick up and complete the withdrawal form on the last day of attendance & return it to the office.
3. Make sure all textbooks and library books are turned in.
4. The student's desk should be cleaned out.
5. No record of grades will be released if any fines and/or fees are not paid or books not returned.

VISITORS

During regular school hours **all** visitors must use the front entrance by the office (all other doors are locked for safety) and sign in at the office. A visitor's pass must be obtained and worn by

anyone proceeding to any part of the building other than the main office. Only students enrolled at LaBrae may attend classes. NO student guests will be permitted.

VOLUNTEERS

The Board of Education recognizes that certain programs and activities can be enhanced through the use of volunteers who have particular knowledge or skills that will be helpful to members of the support staff and professional staff for the conduct of those programs and activities. Volunteers are expected to follow Board policy and school rules, regard confidentiality of staff and students and exercise reason, respect and responsibility in the conduct of the volunteer duties. Volunteers will submit to a background check when asked. The Board of Education and LaBrae Local Schools personnel are grateful for the time and effort of volunteers in assisting the operation of schools.

LABRAE ELEMENTARY BOOSTERS

LaBrae Intermediate School shares a Parent-Teacher Organization with Bascom Elementary School. We urge all parents to become active participants in this group, as the group's success is dependent on an active and large membership. Our parent group has made many valuable contributions to the LaBrae Local Schools. Their support provides our students with many special events, activities and equipment.

CUSTODY CONCERNS

State law requires that a child's parents or legal guardians reside within the school district unless other arrangements for tuition have been made. The school must have a copy of the custody agreements provided in divorce settlements. Non-custodial parents, unless prohibited by a court ordered custody agreement, are permitted to obtain copies of student report cards and interim reports, and to have a conference with their child's teacher(s). Only the custodial parent may make or approve educational decisions for the child. Stepparents have no rights to records, reports or conferences unless the custodial parent confers these rights.

TITLE I SERVICES: LIS is a Title School building which means specially trained teachers, tutors, and paraprofessionals are available to provide additional support in Reading and Math through individualized, small group, and whole class instruction to all students when needed throughout the instructional schedule.. Parents have the right to know about the teaching qualifications of their child's classroom teacher in a school receiving Title I funds. Please see the district website or visit this link: [Parent's Right Know](#)

Departure: The official school day ends at 3:20 p.m.

- Parents picking children up on a regular basis (2 days or more a week) must fill out a Permanent Pick-Up Form on a Google Form. They will be given a car tag to display in their car window. Pick up will be outside the LIS/HS office area. Students must be permanent pickup or bus riders for the school year. They cannot alternate transportation at the end of the day.
- Phone call requests will not be accommodated.
- Last minute changes will not be accommodated.
- Building principal must approve all emergency requests.
- Parents picking up children at the end of the day, **less than two times a week, are asked to report to the office between 3:10 p.m. and 3:15 p.m. to sign their child out** ,
- To ensure the safety of our students, persons picking up students will not be permitted to go beyond the office without signing in and obtaining a visitor badge and may also be asked for identification.

SCHOOL/HOME COMMUNICATION

Parents/Guardians will receive the following communications throughout the year:

- **Students in grades 3 & 5 will be given a plastic red folder with multiple page inserts to organize their classwork and nightly practice. This folder should be**

brought to school and sent home everyday. Students in grade 4 will be given a gray folder for the same purpose.

- **Monthly Newsletters** will be available on the school website during the last week of the previous month, which will include a general activity calendar. A monthly lunch menu will also be available on the school website. Screencastify videos may accompany the monthly newsletter to provide parents with a summary of the newsletter contents.
- **PAM (Parent Assist Module)** is a service offered to parents through our grading program at NEOMIN. It allows parents to go online to check their child's progress in every class by tracking assignments and grades that the teacher has recorded in their grade book. Each parent will have an account set up when your child enters the district that will follow them through high school.
- **Remind**-Many teachers use Remind to communicate digitally and directly with parents. Sign-up Information is sent home at the beginning of the year. This app allows communication while maintaining the privacy of individual contact information.

We welcome the opportunity to work with parents in helping children succeed. Communication is vital to ensuring that we provide the opportunity for success. **The first line to follow when dealing with questions or concerns is to contact the teacher involved by calling 330-898-4569.** Each teacher has a conference period during the day. If the problem cannot be resolved, then the principal should be contacted. The next step would be to call the superintendent and finally to appear before the Board of Education. We appreciate the opportunity to solve potential problems before they become major issues.

WORKBOOK FEES /CAFETERIA FEES/ACCOUNTS DUE

Because these materials are consumable and cannot be used again, parents are required to provide these materials for their children. Workbooks will be distributed in the fall, and parents should send payment or make payment via PaySchoolsCentral during the first quarter of school. **Starting the 2nd Quarter, report cards will be held until workbook/technology/music/band fees are paid in full. Students are also not permitted to attend field-trips until fees are paid in full.**

TELEPHONES

Telephones are not available for students' use except in unusual circumstances. Permission will be granted only in cases of qualified need. It should not be necessary to use the telephone on a regular basis.

LOST AND FOUND

There is a lost and found in the principal's office. Articles and textbooks found should be placed in the lost and found bin. Valuable articles, which are found (such as wallets, watches, or jewelry) should be reported immediately and given to the building secretary. (Unclaimed items will be donated to charity.) Having another's belongings without his/her knowledge/permission constitutes theft.

FUNDRAISING

Students are not permitted to sell fundraising items of any kind to other students, teachers or staff on school property.

SAFETY - HEALTH - MEDICAL

Student safety is the responsibility of the staff. All staff members are familiar with emergency procedures such as fire and tornado drills and accident reporting procedures. Should a student be aware of any dangerous situation/accident, he/she must notify any staff person immediately.

SAFETY PROCEDURES

To keep our building safe we ask that:

- All doors remain closed
- Students should not admit anyone in the building. Visitors attempting to use another entrance should be instructed to go to the front door by the office.
- Students report strangers to a staff member.
- Students report seeing harmful items (knives, guns, and drugs) to the office/staff.
- Students, who hear threats concerning the safety of a student, staff member, or the school, report that information immediately to the principal or a teacher.

For the safety of all students under school jurisdiction, students are expected to conduct themselves in a responsible manner. Running, pushing, or “horseplay” will not be tolerated. Students are expected to be in assigned areas at all times.

FIRE / EMERGENCY EVACUATION DRILLS

In case of emergency, it may be necessary to empty the building quickly. Fire and tornado/emergency evacuation drills are planned and practiced to ensure the movement of all personnel to a safe area during an emergency. Students must treat evacuation drills as though they were a real emergency.

- Each room is assigned a specific course and method of proceeding to safety. Exit maps are posted in all rooms designating the proper evacuation route. Listen to your teacher’s directions of where to go.
- Students should move away from the building quickly with **no running or talking**. Do not stand in the blacktop areas in front of the building.
- Remember, in an emergency your life may depend upon how quickly everyone can clear the building. **Keep calm.**
- If your exit is blocked by any chance, move along the nearest hallway to exits that are open. Keep close and keep moving until everyone is out of the building.
- Wait for directions before returning to your class.

TORNADO DRILLS

- When the signal is given, exit into the hallways and take a position facing an inside wall. NO TALKING. Be quiet and avoid confusion so that you can be given further instructions.
- If a tornado comes suddenly without warning, seek out spaces protected by interior walls. Avoid windows and glass. If necessary, get under the desk - if there is time, cover your head with a coat or jacket. Protect yourself; lie face down, draw your knees up under you and cover the back of your head with your hands.

EMERGENCY CLOSING

Should weather or emergency conditions be such as to necessitate the closing of school, information will be announced on local radio and television stations and our automatic telephone notification system will contact the number you have provided for us. **Parents are encouraged to make emergency plans with their children in the event school is cancelled after the day has begun.** Keys to get into the house, a neighbor or relative to call, what to do when arriving at home are all issues that should be pre-planned.

HEALTH SERVICES

The school system has a full-time nurse. The school nurse gives first aid and provides care for the sick or injured student while they are in the school building. Students who become ill after arriving at school should request permission from the teacher to report to the office. Serious emergencies will result in calling 911.

FINAL FORMS ~ EMERGENCY MEDICAL FORMS

State law requires that all students have an emergency medical authorization completed, signed by a parent or guardian, on file in the office. It is important for parents to provide enough phone numbers on the emergency medical authorization form so that a sick child may go home. ***The school may only contact people listed on the form if a parent/guardian cannot be reached.*** This form is required on the 1st day of school and may be updated at any time.

1. All emergency forms must list a **minimum of 3 working** phone numbers.
2. All emergency forms must list work, cell phone and home phone numbers that are available to the residential family.
3. All emergency forms must provide a current residency for students and parents/guardians.
4. Local officials may be contacted if we are unable to reach a parent/guardian in a reasonable amount of time.
5. Emergency medical forms must list all persons who have authority to pick up the student.

Prescription Medication: Students taking medication at school must have a completed Med 1 Form signed by the doctor and parent on file. The medication must be brought to school by a parent/guardian in the original container in which it was dispensed. No medications are to be carried on the bus.

Non-prescription medicines require a note from the parent/guardian giving permission for the student to take the medicine during school hours. Any necessary medications must be provided by the parent/guardian.

Cough Drops

Parental permission must be given, in writing, for a child to have cough drops or throat lozenges in his/her desk. Cough drops will not be dispensed via the office.

In an effort to keep our school healthy, we request that you keep your child home if:

1. The student has a fever above 100 degrees
2. Vomited/had diarrhea during the night before school
3. Awakened during the night complaining of an earache, headache, sore throat or other pain.
4. Has a rash of an unknown cause.
5. Red itchy watery eyes with or without drainage not contributed to allergies

HEAD LICE

Parents are encouraged to routinely check for head lice and report any findings to the school.

UPDATING RECORDS

Parents should immediately notify the school and go onto *Final Forms* to make the changes, when there are any changes in a student's address (new proof of residency must be turned into the building secretary), phone number, or any other information, which is included on the **Emergency Medical Form**. If the family status changes because of divorce or legal separation, or if the child lives with someone other than his/her natural mother/father, proof of custody/guardianship must be provided to the school office

ACADEMICS

HOMEWORK POLICY-NIGHTLY PRACTICE

Nightly practice will be assigned as an extension of instruction in the classroom. It will build responsibility, support life-long learning habits and help students meet the district's academic standards. Practice assignments should not be excessive and they may be differentiated based upon the student's individual needs. Teachers will always provide guidance and instruction in the classroom prior to the homework being sent home. As a result of these practices, it will be the student's responsibility to do most homework assignments independently.

Practice Expectations: Students are expected to complete daily or weekly assignments by the date on which it is due. Projects or long range assignments will be broken down into components. Teachers will establish a timeline and rubric for students to follow to aid them in planning and organizing their work.

- **4th and 5th grade** - 3 missed assignments will result in detention.
- **3rd grade** - Beginning the 2nd 9 weeks detention will be issued for students who have 3 incidents of uncompleted homework.

How Nightly Practice/Homework Relates to Student's Grades: Homework will be a contributing factor in a student's overall grading. The amount of weight given to homework assignments will vary from teacher to teacher. Class work and assignments will carry the most weight when determining a final grade.

Nightly Practice/ Homework Rules and Responsibilities:

Students:

- 1) Utilize the daily LIS red or gray folders and have parent/guardian check every night.
- 2) Understand what the assignments are and when they are due.
- 3) Ask questions when instructions, assignments, or deadlines aren't clear.
- 4) Organize time and other resources in order to complete the assignments on time
- 5) Give practice your best effort before asking parents for help.

Teachers:

- 1) Assign practice that either practices what is being learned in the classroom or serves as an extension to classroom activities.
- 2) Provide clear instructions as to when and what is expected of the student.
- 3) Evaluate and return practice work in a timely manner with the appropriate feedback.
- 4) Recognize and reward students who consistently and correctly complete practice work and seek to improve the study habits of those that don't complete assignments.

Parents:

- 1) Plan a home practice schedule with your child. Allow for free time when assignments are completed.
- 2) Provide a suitable study area that is conducive to uninterrupted study time as well as the necessary tools to complete the practice assignments.(dictionary...)
- 3) Limit after-school activities to allow time for both practice and family activities.
- 4) Check/Review completed assignments and sign assignment sheet/folder every night.

STANDARDS FOR WRITTEN WORK

Originality: All student work must be original. Copying materials from other sources is plagiarism, a form of stealing. Turning in materials written by others – friends, family members, or anyone else – is a form of cheating.

Seeking Help from Parents: Students are encouraged to seek help from parents. Assistance should take the form of comments and suggestions so that the final product is that of the student and reflects the student's own vocabulary and skill level in writing.

Citations: Quoting other material is acceptable if credit is given to the source. Such material should add to a piece of writing, not make up a large portion of it.

Use of Information from the Internet

The use of the Internet and electronic encyclopedias must be handled carefully to avoid plagiarism. It is easy to transfer information from these sources to a word processing program and print it out. This is not acceptable. It is also unacceptable to take such information and revise it on a word processing program and turn it in. This is still not original work. The correct way to use material from electronic sources is for learning about a topic and taking notes. Writing submitted to a teacher should be constructed word by word by the student, not composed by altering someone else's words. The final product should be at a level of sophistication that the student could reproduce without the resource material. The student should be able to comprehend vocabulary and explain concepts contained in the piece of work.

TEXT BOOKS

The Board of Education will furnish all textbooks for the pupils in our school district. All such books owned by the LaBrae Board of Education will bear the official seal of the Board, an accession number on the title page, together with the date that the book was first issued. The names of all books with their accession numbers will be recorded on a list in the office. Students are responsible for settling their obligation for books or other material lost or damaged by him/her to receive report cards. Our books represent an investment of thousands of dollars. Pupils should use every means possible to see that they are given proper care. All lost books should be turned into the office. Pupils who have lost books should check for them there. Students may identify the books that they have lost by the number imprinted in the title page.

GRADING

The following scale will be used to determine grades at LaBrae Intermediate School.

93%-100%	= A	<u>SUPERIOR</u>
83%-92%	= B	<u>ABOVE AVERAGE</u>
73%-82%	= C	<u>AVERAGE</u>
63% -72%	= D	<u>PASSING</u>
62% & below	= F	<u>FAILING</u>

INTERIM REPORTS

Interim or progress reports are sent home at the halfway point of each grading period. Information is provided concerning any difficulties the students may be experiencing. Parents are to sign the reports and students are to return them within two days of receipt.

REPORT CARD

Report cards are issued on the **Friday** following the end of each grading period. Parents are to sign the envelope and students are to return them to their homeroom teacher by **Tuesday** of the following week.

HONOR ROLL

An honor roll is computed at the end of each nine-week period and published at the time report cards are distributed at the end of each grading period. Students who have a "B" average are included, and their names are posted in the building and released to local newspapers. All subjects are used in calculating Honor Roll (Reading, Math, Language Arts, Social Studies, Science, Art, Music, P.E. and Technology) a grade of D or F in any subject automatically eliminates a student for that grading period.

PARENT TEACHER CONFERENCE

Scheduled conferences will be held in the evenings twice a year in **October and again in February**. The main purpose of a conference is to help your child. Teachers realize that parental help is needed to give children the best education possible. The school and home need each other to accomplish goals of mutual interest in the lives of the children. A note or a phone call can arrange other conferences at any time, by either the teacher or parent if needed. If you choose to conference with a teacher, at a time other than the regularly scheduled conference times, call or write a note indicating that desire and a mutual meeting time can be arranged.

GUIDANCE

A guidance counselor is provided two half days per week. The guidance counselor provides education, career and social information to students in group guidance or individual counseling. A student wishing to go to the guidance office must first get a pass from his/her teacher. Parents may make an appointment to see the guidance counselor by calling the office.

SCHEDULE CHANGES

Schedules will only be changed at the request of a staff member. Concerns should be discussed with the teacher assigned to the class.

STATE ACHIEVEMENT TESTS

Students will be tested in reading (3rd - 5th), math (3rd - 5th), science (5th). In compliance with the 3rd Grade Guarantee, Parents of 3rd Grade students not passing the Reading Tests will be given the option to have their child retained in 3rd grade.

PROMOTION-RETENTION

We believe that the primary consideration in decisions regarding promotions and retention of students should be the ultimate welfare of the student. We believe that the ultimate welfare of the child in turn depends upon his/her grasp of fundamental skills and knowledge and his/her social and emotional development. No conditional promotions are permitted. Promotions will be determined by the agreement between the principal and the teachers. Board policy will be followed concerning promotions, retention and placement.

FIELD TRIPS

During the school year, educational field trips may be taken as part of instruction. The teacher will notify parents, in writing. A signed permission and emergency medical information on Final Forms are required before the child is permitted to go on any trip. Teachers will notify parents of costs, dates, times, etc.

Students may be prohibited from participating in a field trip if:

- (1) The student is suspended during the nine-week period that the trip occurs;
- (2) The student has outstanding monies owed to the school;
- (3) The student has ongoing misbehavior is considered to be a safety factor for others and self on the trip; and
- (4) The student has not completed assigned work.

ATTENDANCE

Punctual and regular attendance at school is extremely important. Parents should keep in mind that there is a direct relationship between attendance and progress in school. Frequent absences from regular classroom learning experiences disrupt the continuity of the instructional process. Schools have the responsibility to provide those experiences; they cannot teach students who are not present.

Parents/Guardians, by Ohio law, are responsible for ensuring that their children are in regular attendance at school. House Bill 410 and the Ohio Revised Code Section 3321.191(C)(1) moves from defining truancy in terms of days missed to hours missed. **Habitual truancy** is defined as a child of compulsory school age who is absent without a legitimate excuse from school for **thirty (30) or more consecutive hours (5 or more school days)**, **forty-two (42) or more hours in one school month (7 or more school days)**, or **seventy-two (72) or more hours in one school year (12 or more days)**.

House Bill 410 and the Ohio Revised Code Section 3321.191(C)(1) moves from defining truancy in terms of days missed to hours missed. **Excessive absences** is defined as a child who is absent with or without a legitimate excuse from school for **thirty-eight (38) or more hours in one school month (6 or more school days)**, or **sixty-five (65) or more hours in one school year (10 or more days)**. Ohio law and Board policy require a letter of information be sent to parents of children whose absences meet this definition.

In addition, any student with unexcused absences that reach 30 or more consecutive hours (5 or more school days), 42 hours in one month (7 or more school days), or 72 hours in one school year (12 or more days) is considered habitually truant. If this happens, parents and students are referred to the LaBrae Intermediate Absence Intervention Team (AIT Team) and an absence intervention plan will be implemented as per requirements of House Bill 410. If absences do not improve under the plan, the district will file a complaint in the juvenile court. ***As per LaBrae's Attendance policy, any student who acquires 18 unexcused absences in one year could be subject to retention.***

Parent(s)/Guardian(s) should notify the LaBrae Intermediate office at 330-898-4569 and give necessary information by 8:30 AM the morning of the first day of absence. A written note from the parent/guardian must be received within 24 hours of return from the absence and any doctor's office excuses must be submitted within five days of return.

IT IS THE RESPONSIBILITY OF THE STUDENT TO OBTAIN MAKE-UP WORK FOLLOWING AN ABSENCE:

1. On the day the student returns to school any missed work will be provided.
2. Students have an equal number of days to make up work as the number of days that they were absent.
3. Arrangements for make-up work due to extended illness will be made through the student's teacher or principal.
4. Practice work can be requested after the student has missed **2 consecutive days**.
5. Teachers must be given 24-hours to fulfill make-up work requests.

TARDY: The tardy bell rings at 8:40 AM. Students arriving after that time need to report to the office with an adult. Students arriving after 10:45 AM will be marked with a partial day absence rather than tardy. Due to Ohio House Bill 410, all absences are calculated in hours rather than by half-day/full-day.

EARLY DISMISSAL

If a child needs to leave for a medical appointment or other excusable reason, the parent should send a note in the morning to the secretary, requesting the dismissal of the student and stating the time, the date, and the reason.

- The student will be called to the office to be signed out by their parent/guardian when they arrive.
- Upon returning to school, the student must provide documentation of the appointment.
- If a child is needed in an emergency, the parent/guardian may call or stop in the office, and the student will be called from class.

VACATION POLICY

The Board does not believe that students should be excused from school for non-emergency trips out of the district. Students who are taken out of school for vacations or trips are not given permission to do so by the school. The responsibility for such absences resides with the parent/guardian and they must not expect any work missed by their child to be re-taught by the teacher. If the School is notified a week in advance of such a trip, reasonable efforts will be made to prepare a general list of assignments for the student to do during the absence and will be considered an excused absence. If the school is not notified, the absence will be considered unexcused.

STUDENT DRESS CODE

The administration works to create a school environment that is conducive to learning. Anything worn by a student, be it clothing, jewelry or cosmetics that draws undue attention will not be permitted. numbers cannot be given out to anyone. Due to the increasing number of students who experience food allergies and other health concerns, no birthday classroom treats are permitted.

CITIZENSHIP

In case of a health problem, a note from the parent should be sent to the teacher when it is necessary for a child to miss outdoor play for a day. If a child is unable to participate in outdoor play for an extended period of time, a note from the doctor is needed. If just physical activity needs to be restricted, the child may be seated outside on a bench or walk with a teacher. Parental or doctor note is required.

1. Recess is not a right but a privilege.
2. Recess time may be used as a study hall to instruct or re-teach lessons due to absences or a need for intervention.

TRANSPORTATION POLICY

At the beginning of each school year, children ride the bus to and from their home address. If circumstances change and you need alternative busing, a "REQUEST FOR ALTERNATE BUSING" form needs to be completed and filed in the Transportation Office. There will be only one Alternative Busing Request allowed per school year. **Please allow 48 hours to process your request.**

Bus Stop: Students should be waiting at the bus stop before the bus arrives. They should be instructed to stand at a safe distance from the highway. The school is not responsible for conduct before students board the bus or after they depart from the bus. Students must maintain behavior at the bus stop that will not threaten the safety of people or property. Use assigned bus stops at all times unless prior administrative permission has been granted.

All code of conduct rules remain in effect when students are on a school bus including rides for field trips or extracurricular activities. The safety and well-being of all students are of major importance while being transported.

1. Students must ride the buses to which they are assigned and must be discharged at the same stop where they are picked up in the morning.
2. Pupils are expected to enter the school building immediately and not to leave the school grounds after their arrival.
3. Students must cross the street 10 ft. in front of the bus upon the signal of the driver.
4. Pupils who refuse to cooperate will be denied the privilege of bus transportation.

Unsatisfactory conduct on a school bus is explained below:

- Not remaining seated, facing forward or changing seats while in motion.
- Loud talk and boisterous conduct; whistling or calling to people outside the bus; talking at the intersections and at railroad crossings.
- Not keeping all parts of the body inside the bus and feet on the floor.

A violation of any bus rule or school rule broken while on a bus may result in disciplinary action including a verbal warning, a written warning, a phone call or note to a parent, a written assignment, detention, out of school suspension, denial of participation, emergency removal or expulsion. Bus drivers and the transportation supervisor are available by calling 330-898-4620.

CORRECTIVE ACTIONS DEFINED

DETENTION

A student may be required to serve time before school in detention for infractions of the rules. Teachers or administrators will allow twenty-four hour notice so parents, who have the responsibility of providing transportation, may make the necessary arrangements. Detention will be held from **7:30 a.m. – 8:15 a.m.** Students must bring acceptable work to do; and they must remain seated, quiet and awake. **Detention slips must be signed by a parent** and returned the next day to the teacher who issued the detention. Detentions do inconvenience parents whose responsibility it is to insist that their children follow school rules. **Excuses to miss detention** will be granted only for prior medical appointments or special situations approved (in advance) by the principal. A student will be granted only **one** excused miss from detention. Not having a ride will be accepted **only once**. Students who cannot be dropped off for detention should alter their behavior so they do not get detentions. At the end of the school year detentions not served may result in an Out of School suspension that may be carried into the next school year.

- Detention will start promptly at 7:30 a.m. and end at 8:15 a.m.
- If a student skips detention, further disciplinary action will be taken.
- Students will be on time. There will be no talking, sleeping, or distractions.
- Students will be permitted school-related books and assignments only.
- Failure to serve a morning detention will result in a one Saturday School Detention.
- In School Suspensions may be scheduled as needed when indicated by serious behavior infractions and subject to the availability of staffing and calendar restrictions.

SATURDAY SCHOOL DETENTION

Saturday school is an alternative to 'out of school suspension.' Students continue to attend classes while being held accountable for their actions when violating school conduct regulations. Classes for Saturday school will be at LaBrae High School on designated Saturdays. Class time shall be from 8:00 a.m. until 11:30 a.m. Transportation to and from Saturday school detention is the responsibility of the parent /guardian. Assigned students must attend the entire three and one-half (3-1/2) hour session to receive credit for attendance. Students shall arrive on time with sufficient educational materials including paper, writing utensils and related text for classroom work to maintain a busy work environment for the entire time period. Arriving late, leaving early or failing to attend will result in disciplinary action. While in Saturday detention students are not permitted to talk, drink beverages, eat, read magazines, have any electronic devices, have visitors, sleep and break any other rules issued in the student handbook. All student conduct rules adopted by the LaBrae Board of Education shall be in effect and enforced.

Any violation of the aforementioned rules will be subject to disciplinary action by the administration the next school day.

Students will be excused from Saturday school for the following reasons:

Medical or dental excuse (note from the doctor's office must be brought to the attendance office the following day with date and time of visit), death in the immediate family, and subpoena to court. If the absence is due to reasons other than cited above, the student will be suspended for one day of school in the week following the scheduled Saturday detention.

EMERGENCY REMOVAL

If a student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process, the superintendent, principal, assistant principal, or personnel employed to direct, supervise, or coach a student activity program may remove the student from the premises.

DUE PROCESS RIGHTS PROCEDURE FOR SUSPENSION OF STUDENTS

Before a student may be suspended, expelled or permanently excluded from school, there are specific procedures that must be followed.

1. Confronted by the building principal or assistant principal and notified that the student will be suspended from school: the reason(s) and opportunity for the pupil to comment on the reason(s) given.
2. Letter is sent within 24 hours to the parent or guardian, explaining the number of days and reason(s) for the suspension.
3. Parents or guardians are given the opportunity to schedule a conference with the building principal or assistant principal relating to the suspension for the purpose of returning the student to the classroom.
4. Parents or guardians can request a hearing regarding the suspension before an executive meeting of the LaBrae Board of Education. The Board of Education, after an investigation has been made concerning the suspension of the student, will render a decision of returning the student to the classroom or sustaining the suspension as handed down by the administration. **These procedures will apply to all suspensions.** Twenty (20) or more days of suspension may result in expulsion.

EXPULSION FROM SCHOOL

When a student is being considered for expulsion, the student and parent will receive a formal letter of notification addressed to the parents. Students being considered for expulsion may or may not be removed immediately. A formal hearing is scheduled with the superintendent during which the student may be represented by a parent, legal counsel and/or person of his/her choice. Within ten (10) days after the Superintendent notifies the parents of the expulsion, the expulsion can be appealed, in writing to the Board of Education. The appeal will also be formal in nature with sworn testimony before officials designated by the Board of Education. Again, the right to representation is available. If the expulsion is upheld, the next step is the appeal process to the Court of Common Pleas. All opportunity to earn grades or credit ends when a student is expelled.

ACTIVITIES AND ORGANIZATIONS

SPONSORS: All organizations connected with the school have sponsors who serve as advisors to the organizations. These sponsors, appointed by the administration, must approve of and shall provide for the guidance, safety, and well-being for any project or activity carried out by the organization, chaperone any after-school activities, and serve as liaison for the organization and the administration.

STUDENT COUNCIL: The purpose of the council is to act as a student forum for ideas on how to improve our school and to perform services for the school as they are called upon to do so. Only 5th grade students may hold an officer's position (president, vice-president, secretary or treasurer). Grade Level representatives will be selected by the homeroom teachers.

CHALLENGE 24 and PREP BOWL TEAMS: Both teams are determined by tryouts conducted through the advisor and will compete in the county tournaments. Tryouts will be posted in newsletters and announced on morning announcements.

DISTANCE LEARNING GUIDELINES:

During the 2019-2020 and 2020-21 school year, our school district faced unprecedented changes in lesson delivery due to the world-wide pandemic, which required the closure of our school buildings and then hybrid learning. It was a sudden move to distance learning that required immediate and unforeseen decisions by our staff that included many considerations including the determination of the best way to move students forward considering many new and unanticipated obstacles, including the

accessibility of technology, the skill level of both staff and students, age-appropriate engagement for students and the availability of resources and platforms to engage students. It was, and continues to be, a learning curve for staff, students and parents. In the future, distance learning will continue to be utilized as needed, and be continually adaptive to state and district guidelines and requirements. The following family expectations & student guidelines for Google Classroom will be followed under the digital learning platform. Family Expectations:

1. Families must understand that distance learning is a continuation of the learning experience that transpires daily in the physical classroom when school is normally in session. While that experience must be adapted when transitioning to learning at home, there are certain **expectations** and **requirements** that must be continued, and are extensions of the traditional normal classroom procedures and policies, as well as the established code of conduct.
2. Classroom expectations that have been clearly defined while in the classroom must be considered inclusive and relative to the distance learning experience.
 - a. Distance learning is **not optional**, and while challenging it may be required as mandatory education for students during critical times, such as our recent worldwide pandemic, and as clearly ordered by the Governor of the State of Ohio.
 - b. It is imperative that a partnership is developed between school and home to facilitate the best learning environment and experience for our students.
 - c. Parents must ensure that students should have a daily schedule, preferably during the regular school hours for lesson delivery and completing work. **Online** work must be submitted **daily** as assigned so that students stay on track and do not fall behind. Paper and pencil work must also meet due date deadlines.
 - d. Due dates and acceptance of work must be consistent with the classroom teacher's regular guidelines and practices.

All work submitted to the instructor must be the student's original work, completed in accordance with school academic regulations. The use of AI tools should only be used to help brainstorm assignments or projects and/or to revise existing work the student's have written. It is the student responsibility to make all submitted work original work, maintaining academic integrity, and avoiding any type of plagiarism.

As a reference, the accuracy or quality of AI generated content may not meet the standards of required work, even if the incorporated content has been partially and after substantial paraphrased, modified or edited. AI generated content often does not provide appropriate or clear attribution to the author(s) of the original sources. AI resources must be cited or noted like any other reference material.
