Re: Acceleration Policy of LaBrae Local Schools

Date: December 20, 2011

This communication is designed to heighten the awareness of our students and their families that LaBrae Local Schools does have a policy regarding student acceleration within our academic program. The Board of Education and Administration recognizes that students should be placed in the educational setting that is most appropriate to their needs at the various stages of their development.

LaBrae provides opportunities, as appropriate, for students to be considered for early entrance to kindergarten, whole-grade acceleration, subject acceleration or early graduation. Parents desiring consideration for the acceleration of their child should complete an acceleration referral form and submit it to the respective building principal. Referral forms are available in the main office of each school, or the referral form may also be obtained from the District website.

For further information, please consult with either the District guidance offices and/or the building principal.

Respectfully,

A handwritten signature in black ink that reads "Anthony J. Calderone". The signature is written in a cursive, flowing style.

Anthony J. Calderone
Superintendent
