# First Community Church of Leavittsburg

May 9, 2017

Dear LaBrae Class of 2017,

Congratulations on your upcoming graduation. Our community is excited for each of you at this time in your life, proud of all that you have achieved and thankful for the ways in which God has blessed our lives through each of you. The churches in both Braceville and Leavittsburg are coming together and would like to celebrate this important time in each of your lives with you and have planned a 2017 Baccalaureate Service in honor of your upcoming graduation. This community church service for all denominations is held to honor the seniors of 2017 in an open and inviting ceremony meant to reach out to all students and families.

*"The fear of the LORD is the beginning of wisdom;  
all who follow his precepts have good understanding.  
To him belongs eternal praise."  
Psalm 111:10*

The service will include songs from a few of this year's graduates including Danika DeVault and Maddie Bragg along with songs led by alumni of LaBrae High School. The service will also include a brief message from Pastor James Holbrook and Andrew Barnhart, one of this year's graduates. There will also be a time of refreshments after the service. This service is one of many different ways that friends, family and your community will demonstrate that we are all behind you, full of support. The participants involved in this service aim to give the Class of 2017 a religious send-off for its future and we are hopeful that you and your family will be able to be part of this community celebration.

Sincerely

John Jaros
