LaBrae Middle Schools February News

MESSAGE FROM THE PRINCIPAL

Dear Parent/Guardians:

Parent-teacher conferences will be held February 14th from 2pm-9pm. I realize that I write about this event often, but I feel that I need to remind parents of the significance of the conference night. The district hosts two conference nights annually. These are the best opportunities to meet all of your child's teachers and ask the questions that you need to. There are still openings available and I strongly encourage you schedule a 15 minute block. All HS and MS students will be dismissed at noon on the 14th so staff can prepare. There will be no school February 15th-18th, classes will resume on the 19th.

I mentioned in last months newsletter that the principals would meet and put together a testing schedule for 2019 AIR State Tests. I have listed the dates below. Students will also be given a schedule closer to the actual start dates. All testing will begin at 8:00 am and attendance/timeliness is important.

TESTING CALENDAR
