

Introducing QuikApps!

We now offer QuikApps as a resource for the parents of students in our district. QuikApps allows parents to quickly and easily fill out free and reduced meal applications online in a secure, step-by-step portal.

QuikApps can be accessed via our online portal at:

Why QuikApps?

- QuikApps integrates into the school's student information system, so all free and reduced meal applications can be managed in one place
- All information for federal and state reporting requirements can be requested and verified
- Up-to-date, accurate application processing and records ensure our students get the benefits they need
- The school district can track appeals, log verifications, and view district-wide verification statistics
- Integrates with meal payment systems to ensure students with free and reduced status are provided with benefits automatically

Convenient Features for Parents

- Simple, automated step-by-step online application process means you don't have to keep track of paperwork and forms for each child
- Online applications are digitally signed, automating the meal status request process
- Information is safe and secure, protecting parent and student privacy
- Automatically integrates with meal payment systems, providing all necessary payment information for students
