LaBrae Middle Schools March News

MESSAGE FROM THE PRINCIPAL

Dear Parent/Guardians:

I would like to thank all the parents that attended our parent-teacher conference night on February 13th. The second round of conferences are usually not as well attended as the first round. Thank you for making the effort, it matters. The state testing calendar for the middle school has been posted on our website. I will also be providing all students a hard-copy as we get closer to our testing dates. The testing window opens on March 3/23, but the Middle School's first testing date will be on April 16th.

The middle school is currently holding our yearly fund-raiser attempting to sell items that will in turn profit the middle school. All profits end up back in the classroom whether in computers, technology, T-shirts for various clubs etc. If you're able to help out it is greatly appreciated.

I would like to mention the importance of attendance once more. Attendance is important because students are more likely to succeed in academics when they attend consistently. Its difficult for a teacher/student to build and sustain their skill levels if students are frequently absent. When students miss they fall behind academically and at times have a hard time catching up. There's another component to school besides academics. This component is students learning how to interact with each other, learning how to get along, and learning how to let things go when necessary. These are life long lessons to be learned at school and students can't learn them if they're not here. I appreciate everything my parents do, I ask that you continue to support me through school attendance.

Mr. Martin Kelly, Principal

Students of the month.
We are proud of all our student's accomplishments.

6th

Makenzie Lichty
Gage Haslar

7th

Amarey Phillips
Nathan Goldner

8th

McKenna Leeworthy
Bryce Eastman

Important Dates

Early release at noon.....3/27
Report cards.....4/3
Easter vacation no school.....4/10-4/13
Interims.....4/21

Mr. Martin Kelly
Principal
Grades 6-7-8
