LaBrae Middle Schools November News

MESSAGE FROM THE PRINCIPAL

Dear Parent/Guardians:

I will be sending home a permission form later in the month concerning a program being presented by Operation Keepsake. This program will be presented to students in grades 6-8 beginning the 2nd nine weeks. Funding for the program is provided by the US Department of Health and Human Services. The lessons presented will focus on risk factors for adolescent teens including sexual risk avoidance, alcohol and drug use, and violence (bullying). If you do not want your child to participate in these presentations please sign and return the form notifying me to find alternate placement, for your child during that time-frame. Each grade level will be presented 5 lessons during the specific week. While on the topic of permission slips, 6th graders will start receiving dental sealants in early December. If you do not want your child to receive sealants please notify us through the dental form. This program is paid for through funding with no cost to the parent.

The 1st grading period ended on November 1st with report cards being sent home on November 8th. I would like to thank all the parents that were able to attend our first parent-teacher conference night of this year. Parental attendance does impact the student.

This November 5th all Trumbull County educators will be attending an in-service at W.G.H. There will be no school for students on that day. The holiday season is approaching quickly. Thanksgiving will be observed from November 27-29. The district will resume classes on December 2nd. I think that is all for now.

Library Corner

A big "Thank You" goes out to all who visited the book fair, and especially to those individuals who purchased items from the fair. Because of your purchases, we had another extremely successful book fair, enabling us to add materials to our school library collection. Keep reading!
