

LaBrae Middle Schools September News

Message from the Principal

Dear Parent/Guardians:

Welcome back everyone to the 21-22 school year. That first day of school always seems to arrive too early for students and not soon enough for the parents. This school year has started, students are in class, and 6th grade is transitioning to the middle school. Meet the teacher was held on 9/1 in the HS gym from 7-8 pm. A few of the major talking points that I discussed included the importance of filling out Final Forms accurately and promptly, Covid related items, and the structure of the school day. Please fill out the Final Forms asap there is so much needed information contained on those forms.

Student's last year's testing data was released to the district on June 30th. The family reports have recently arrived and I am sorting them on a daily basis. Family reports will be sent home with students the week of 9/7-9/10. Keep in mind the last year and a half due to Covid test scores have been impacted. Take some time and read the reports on the tested content areas.

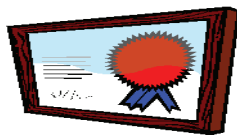

The middle school students are being called to the auditorium on 9/3 by grade level. I will be going over some school policy's such as dress code, busing, behavior, academics, etc. The counselor and I meet with the students quite frequently throughout the years. Mrs. Wilthew (counselor) is also teaching a 6th grade survey class designed to develop skills needed to be successful in the middle school. These skills include learning to advocate for oneself, SEL, skills, how to handle issues that will arrive throughout the year.

The 6th grade camp staff is currently selling mums to support their annual camping trip.

We are up and running for this school year. My primary method of communication with parents is through Final Forms. That's another reason why I push to have the Forms completed on your end. My office has always been accessible to parents and students. You can email me at martin.kelly@labrae.school or call if there's an issue. Keep an eye on Final Forms.

Mr. Martin Kelly, Principal

Junior High Football

Students of the the month
We are proud of all our student's accomplishments.
We will post our 6th, 7th, and 8th grade students next month.

Important Dates
