LaBrae Local Schools

Viking Nation Intro and Quick Tips for Parent/Students

LaBrae Local Schools is extremely pleased to be able to offer *Viking Nation* to our educational community. Viking Nation is a private social media network that is solely intended to enhance communication with students and parents by connecting all members of our school community in one centralized location. Drund is the owner/developer of the software and application. The network is not a forum for free speech. It is a forum intended to provide our school community direct access to pertinent school information as it relates to student learning, school groups and various school news and events. Accounts are created and controlled by the District. Currently, all teachers, parents and students in grades 6-12 have accounts. We hope you will take advantage of the account created for you.

Viking Nation Mobile App:

The network can be accessed on a personal computer or a mobile device. The app for a mobile device is a free download from either Google Play, for Android devices, or the App Store for Apple devices. In the search fields of the aforementioned online store, search for Viking Nation, or LaBrae Vikings.

PC or Mac:

Viking Nation is optimized for Mozilla Firefox, Google Chrome and Safari

You can download our supported browsers from:

http://www.mozilla.org/en-US/firefox/new/

https://www.google.com/intl/en/chrome/browser/
